FlockOS Features & Description

| FlockOS Features                               | Description                                                                                                                                                                                                                                                                                                      |
|------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Community Network Access                       | The ability to request direct access to feeds from privately owned Flock Safety Falcon® LPR cameras located in neighborhoods, schools, and businesses in your community, significantly increasing actionable evidence that clears cases.                                                                         |
| Unlimited Users                                | Unlimited users for FlockOS                                                                                                                                                                                                                                                                                      |
| State Network (License Plate Lookup Only)      | Allows agencies to look up license plates on all cameras opted into the Flock Safety network within your state.                                                                                                                                                                                                  |
| Nationwide Network (License Plate Lookup Only) | With the vast Flock Safety sharing network, law enforcement agencies no longer have to rely on just their devices alone. Agencies can leverage a nationwide system boasting 10 billion additional plate reads per month to amplify the potential to collect vital evidence in otherwise dead-end investigations. |
| Law Enforcement Network Access                 | The ability to request direct access to evidence detection devices from Law Enforcement agencies outside of your jurisdiction.                                                                                                                                                                                   |
| Time & Location Based Search                   | Search full, partial, and temporary plates by time at particular device locations                                                                                                                                                                                                                                |
| License Plate Lookup                           | Look up specific license plate location history captured on Flock devices                                                                                                                                                                                                                                        |
| Vehicle Fingerprint Search                     | Search footage using Vehicle Fingerprint™ technology. Access vehicle type, make, color, license plate state, missing / covered plates, and other unique features like bumper stickers, decals, and roof racks.                                                                                                   |
| Insights & Analytics                           | Reporting tool to help administrators manage their LPR program with device performance data, user and network audits, plate read reports, hot list alert reports, event logs, and outcome reports.                                                                                                               |
| ESRI Based Map Interface                       | Map-based interface that consolidates all data streams and the locations of each connected asset, enabling greater situational awareness and a common operating picture.                                                                                                                                         |
| Real-Time NCIC Alerts on Flock ALPR Cameras    | Receive automated alerts when vehicles entered into established databases for missing and wanted persons are detected, including the FBI’s National Crime Information Center (NCIC) and National Center for Missing & Exploited Children (NCMEC) databases.                                                      |
| Unlimited Custom Hot Lists                     | Ability to add a suspect’s license plate to a custom list and get alerted when it passes by a Flock camera                                                                                                                                                                                                       |

By executing this Order Form, Customer represents and warrants that it has read and agrees all of the terms and conditions contained in the Terms of Service located at <https://www.flocksafety.com/terms-and-conditions>
